Product description

U-Skin XtraMoisturizing Cream is a moisturizing cream that contains Hydrovance® and Bio-Hydractyl, innovative components that promote natural moisture and prepare the skin before being tattooed or before a laser tattoo removal procedure. By using these products, the skin will be in the best possible condition to ensure that the process of receiving or removing a tattoo goes smoothly.

In addition, Profade 1 contains olive oil, aloe vera and honey, ingredients that improve the skin's resistance, keep it clean and keep bacteria away. U-Skin XtraMoisturizing is an excellent choice to use as a daily body cream, since the more you use it, the more protected it will be. skin against bacteria and other external factors.

Helps to remove laser marks after using it to remove tattoos. Moisturizing cream.

U-Skin XtraMoisturizing cream is indicated for:

- Moisturizing the skin
- Preparing the skin to undergo laser treatment
- Keeping the skin protected and free of bacteria
