Product description

The Addicted Toys 16.5cm Double Ended Massager is designed for those looking for an anal stimulation experience with a focus on variety and control, thanks to its dual, progressive shape. This toy is designed to ideally be used for those who want to experiment with a controlled anal massage, but with a more intense and satisfying sensation.

Features of the 16.5 cm Double Massager:

- Overall height: 190 mm, a suitable size for comfortable and deep penetration, but without being excessively long.
- Bottom thickness: 24 mm, offering an initial expansion for those looking for a more gradual and gentle introduction.
- Bottom ball: 27 mm, a small expansion that provides a progressive sensation as penetration progresses.
- Internal ball (INT Ball): 27mm, creating an extra feeling of fullness while experiencing stimulation.
- Top Ball: 23mm, allowing for a progressive challenge as you explore the sensations of balls with different thicknesses.

Material and Design:

The massager is made from high-grade medical silicone, which is soft, flexible, and completely body-safe. Silicone is hypoallergenic, easy to clean, and ensures a comfortable and pleasurable experience. Its design with balls of different sizes allows for a varied anal stimulation experience, offering a feeling of progressive fullness and satisfaction.

Use and Pleasure:

This massager is ideal for those looking for a gradual anal experience with varied sensations, as its design with balls of different sizes provides progressive stimulation. Perfect for those who have some experience and want to explore a controlled and pleasurable challenge.

Recommendations:

For a smoother and more comfortable insertion, it is recommended to use water-based lubricant. After each use, be sure to clean the product properly to maintain hygiene and extend the life of the massager.
