Product description

DISCOVER CARESS BLUE

Caress by Adrien Lastic is a very original massager that, in addition to vibrating, includes a rotation movement, so that it allows you to gently caress the areas of your body that you want to stimulate.

The Caress clitoris stimulator has 10 vibration/rotation modes, 5 in which it rotates in one direction constantly, and 5 in which it rotates from one side to the other continuously. irregular. The toy has two motors and is waterproof, making it very easy to clean.

The charge of the stimulator is magnetic, and is located at the opposite end of where the head is located. When charging, the light will stay on. red, and will change It will turn orange when charging is complete, which will be 120 minutes of charging for 60 minutes of enjoyment and pleasure.

Of course, we have to mention the most special part of **Caress**. It includes 5 heads of different shapes intended for different types of stimulation and tastes. A characteristic that at Adrien Lastic we have developed because not all people have the same sensitivity, nor do they like friction with the same intensity and pressure. Among the heads there are shapes that are authentic caresses, and others that may be less pleasant for the most sensitive clitoris. However, that's why there are 5 heads, it's all about trying and discovering which one or which ones best fit the stimulation you like.

In addition, not using a head to stimulate the clitoris does not mean that you are not going to use it, use each of the heads to stimulate the different erogenous zones of your body and discover which ones are the best. s pleasant in every place for you. You know, it's like evaluating 5 toys... The heads are interchangeable pieces, but each one provides stimulation and you have to be informed accordingly, remember, Test and orgasm!

Related to pubic hair and the use of Caress. If they don't have any hair, everything will go away. good; If you have it trimmed, everything is perfect; and if the jungle has conquered the Amazon, there should be no problem either, although some tugging could occur

HOW TO USE IT?

If what you are looking for is external, direct, fun and varied stimulation, let Caress caress you in a pleasant way all over your body. And although it is a toy designed for clitoral stimulation, it is also very interesting in other erogenous zones, for example, the nipples, as well as the testicles. It's all a matter of trying.

At Adrien Lastic we recommend using it with water-based lubricant to preserve the sex toy in good condition and be careful with your skin. After use, wash the toy well with warm water and a neutral soap before and after, dry it very well before storing it, making sure that the cloth does not leave lint. The best place to store it is in the storage case that comes included with Caress.
