### Product description

#### DISCOVER G-WAVE

Ultra flexible, ergonomic rabbit with different reliefs to enhance pleasures and share as a couple! Its U shape offers a double option of use.

Introducing both ends: **G-wave** becomes a powerful G-spot stimulator vibrator. Separating one end from the other provides independent and simultaneous stimulation of the G-spot and the clitoris.

#### HOW TO USE IT?

First of all, find a quiet place where you can be relaxed. Once you are ready, apply lubricant to the areas to be stimulated and to the **G-Wave vibrator**.

Slowly bring the toy closer to your vagina and place it in the way that seems most comfortable to you. Let the fireworks begin!
