Product description

DISCOVER MY·G

A product in development that has both G-spot stimulation and clitoral stimulation. With the help of new technology, **My·G** has a unique and innovative movement, ideal for stimulating the G point.

The pulsating movement will adapt, and as if a finger were gently stimulating the inside of the vagina, it will make you feel uncomfortable. discover a completely new masturbation. Also, **My·G** has innovation with which it has been possible to develop a new type of suction, totally exciting.

COMBINATION OF TECHNOLOGY NEVER SEEN BEFORE, SURPRISE YOUR PARTNER

HOW TO USE IT?

Before starting the experience with **My·G**, apply water-based lubricant to the toy and the areas to be stimulated, the clitoris and the vagina.

Once ready, press the On / Off button for 3 seconds and with button 1, you can control between the 9 suction modes, enjoying incomparable pleasure. Furthermore, by pressing button 2 you can navigate through a sea of pulsations stimulating the G point.

My·G gives you the possibility of using the suction and pulsation modes simultaneously, yes, specially designed so that you melt between orgasms. There is also the possibility of pausing one of the two stimulations, you just need to double click on the corresponding button.

You're ready for the fireworks! Explore new sensations and let yourself be carried away by new sensations!
