Product description

DISCOVER ROCKET

The ergonomic vibrating bullet **Rocket** is the most discreet and versatile on the market. It will adapt to what you want at all times. You can enjoy it alone, as a couple, before sex, after intercourse, fast, slow... to your liking.

The **Rocket** vibrating bullet is more than just a toy, you can take it there with you. wherever you go, because of its lipstick shape & will make it super discreet. This has been designed for external stimulation, and we are not just talking about the clitoris, but about any erogenous zone you can imagine.

Discover the 10 vibration speeds of the vibrating bullet and choose the one that best suits you and the moment. Although it is a mini vibrating bullet, it has a powerful motor that will make you vibrate. reach ecstasy in a few seconds.

Rocket is Made with super soft silicone plus ABS, it also has a charger included, and is waterproof.

HOW TO USE IT?

The vibrating bullet has many uses. Its 10 powerful vibration modes give it versatility and it is unisex, the only limit is your imagination.

The most common uses of the vibrating bullet, alone or as a couple, are the stimulation of the breasts, specifically the nipples. Stimulate the perineum area, the anus or the groin. Vibrate the clitoris or testicles. In addition, you can also use the rechargeable vibrating bullet to massage other erogenous areas, such as the neck and back.

We recommend using water-based lubricant to have a more pleasant and stimulating experience.
