Product description

Anal Pleasure, Metal Anal Fluffy Plug It is a metal anal plug with various sizes and a smooth shape designed for anal exploration, offering a sensual and pleasurable experience.

Made from body-safe metals, this type of plug provides a feeling of weight and firmness, which can increase stimulation and satisfaction during use.

The smooth surface of the plug facilitates insertion, while its gradual conical design allows gradual adaptation to the desired size. The base of the plug is wider, which not only prevents excessive insertion, but also provides a safety point to facilitate comfortable and safe removal of the toy.

The top of the plug is what makes this toy especially eye-catching: a red synthetic fur pom pom, which adds a playful and aesthetic touch to the experience. This visual detail not only adds a playful element to the toy, but also provides a soft, tactile texture, adding another layer of sensory stimulation.

It is important to note that, as it is a metal toy, the plug can benefit from the ability to retain and conduct heat. By immersing it in hot water or cooling it in the refrigerator before use, additional thermal sensations can be experienced that can increase enjoyment.

As with all sex toys, the use of water-based lubricants is recommended to facilitate insertion and improve comfort. Proper cleaning before and after each use is essential to maintain the hygiene of the toy and prevent possible irritation or infections.
