Product description

Caribbean Shine is a G-spot vibrator with a built-in clitoral stimulator. A new product with three powerful motors that provide suction, vibration, and pulsation, available in two colors.

A G-spot pulsating vibrator with a built-in clitoral stimulator and suction cup is an advanced sex toy designed to provide a multifaceted and highly pleasurable intimate experience. This device combines multiple functions to simultaneously stimulate the G-spot and clitoris, and uses suction technology to intensify sensation.

The design of this vibrator is usually ergonomic, with a curved shape to easily reach the G-spot. The manufacturing material is body-safe and the surface is soft to the touch for comfortable insertion.

The most distinctive feature of this type of vibrator is the built-in suction cup. This feature uses suction technology to create vacuum pulsations around the clitoris, simulating the sensation of sucking. This innovative technique is known for providing unique and highly pleasurable stimulation that can lead to more intense orgasms.

Vibrator controls are typically intuitive, allowing users to adjust vibration intensity, G-spot pulsation, and clitoral suction to their individual preferences. Water resistance is another common feature, allowing for use in the shower or bath.

As with any sex toy, it's essential to follow the manufacturer's instructions to ensure safe and pleasurable use. The use of water-based lubricants is recommended to improve comfort during insertion and stimulation.

Care and Cleaning : Proper care and cleaning are essential to ensure durability and hygiene. Proper cleaning before and after each use is essential to maintain sexual health and prevent possible infections.

CHARACTERISTICS:

- Color: Sky blue
