Product description

Discretion, is a breathable BDSM gag, an accessory designed to add an element of submission and restraint to consensual erotic practices. Unlike traditional gags that can completely limit the ability to speak, a breathable gag allows some freedom of breathing and communication, making it a popular choice for those looking for a more intimate BDSM experience. moderate and comfortable.

- **Material:** These breathable gags are made with body-safe materials. The choice of these materials not only guarantees safety but also comfort during prolonged use.
- **Breathable Design:** The most distinctive feature of this gag is its perforated or breathable design. This allows the wearer to breathe relatively easily through small holes or openings in the gag, eliminating the feeling of complete suffocation that might be associated with other, tighter gags.
- **Comfortable Fit:** The breathable gag is designed to fit comfortably. Designed to be adjustable and comfortable to use. It usually has a strap that goes around the head and is secured with buckles, allowing it to adapt to different head sizes and shapes.
- **Easy Cleaning:** Most breathable gags are easy to clean. Since they are made of durable and non-absorbent materials, simply use a specific cleaner for sex toys or warm water with mild soap to maintain hygiene.

It is essential that all BDSM practices are carried out in a consensual manner, with clear boundaries established and open communication between all parties involved. Safety, mutual respect and informed consent should always be priorities in any BDSM activity.
