Product description

The **BDSM Kit** with 8 pieces is a set designed to explore and enjoy the world of bondage, domination, submission and masochism. This kit offers a variety of elements designed to provide intense sensations and exciting experiences in the field of consensual erotic practices.

- **Handcuffs**: The handcuffs included in this kit are designed to gently restrict the wrists, providing a sensation of submission and allowing the user to experience the arousal of immobilization.
- **Anklet**: The anklet complements the handcuffs, allowing restraint of the ankles. This addition provides a feeling of complete surrender and submission, taking the BDSM experience to a deeper level.
- **Collar + Leash:** The collar and leash are symbolic and functional elements. The collar can represent submission and connection between the parties, while the leash allows the dominant to physically guide and control her partner.
- **Gag**: The gag is an accessory designed to restrict the ability to speak and, in some cases, the mouth is held open or closed depending on the design. This adds a dimension of vulnerability and submission to the game.
- **Whip**: The whip is a classic BDSM implement used to provide a variety of sensations, from gentle caresses to more intense hits. Its presence in the kit adds the possibility of exploring sensory stimulation and impact games.
- **Mask**: The mask, or eye mask, is used to cover the eyes and limit vision. This intensifies the other senses and creates a feeling of anticipation and mystery, adding a component of excitement and suspense to the game.
- **Shibari Rope:** The Shibari rope is a versatile tool that allows you to perform artistic and functional bondage techniques. It can be used to create decorative patterns on the body, as well as enough to immobilize the couple in a safe and aesthetic way.

This kit offers a complete and versatile experience for those who want to immerse themselves in the dynamics of BDSM. It is essential that all practices be carried out in a consensual manner, with open communication and clear boundaries established between the parties involved. Safety and mutual respect are essential in any BDSM activity, and informed consent should be the basis of all interactions.
