Product description

Supreme is Made with 100% hypoallergenic, soft and phthalate-free Jelly. It is completely waterproof.

Supreme is a transparent realistic double dildo designed to provide pleasure through penetration, and its particularity lies in its translucent material, which adds a visually stimulating touch to the experience. Made from body-safe materials, this type of dildo offers a unique alternative to traditional models.

The appearance of a transparent realistic dildo seeks to imitate the male anatomy, with details that include veins, a well-defined head and textures to increase stimulation. The transparency of the material adds an intriguing visual element, allowing users to see through the toy during use, which can add an extra dimension of excitement and exploration.

The length and thickness of the transparent realistic dildo can vary, offering options to suit various experience levels and personal preferences. Some models may have a suction cup base, allowing them to stick to flat surfaces for hands-free use, increasing versatility and diversity of experiences.

The use of water- or silicone-based lubricants is recommended with this type of toy to facilitate insertion and improve comfort during use.

Care and Cleaning: Proper care and cleaning are essential to ensure durability and hygiene. Proper cleaning before and after each use is essential to maintain sexual health and prevent possible infections.
