Product description

Triball this chain of anal beads is made of rounded shaped elements of different sizes, which one by one can be inserted and removed for passionate stimulation. With three rows of conical silicone beads, **Anal Triball** will leave This trio of curved, looped finger beads is a great way to expand your anal repertoire.

Anal beads are sex toys designed for stimulation of the anus and anal region. They are composed of a series of spheres or balls connected by a cord or shaft, and are used for both individual and couples pleasure.

1. Design: Anal beads vary in design, but in general, they consist of a series of balls of progressive size that gradually increase in diameter over time. length of the cord. These balls can be smooth or textured, and some are designed with ergonomic shapes for easy insertion and removal.

2. Materials: Anal beads are available in a variety of body-safe materials. The choice of material affects the texture, flexibility and temperature of the toy, and it is important to select one that is compatible with lubricants and safe for anal use.

3. Gradual Use: Anal balls are ideal for gradual anal stimulation. The progressive arrangement of the balls allows for smooth insertion, facilitating the bodys adaptation to anal penetration and allowing the user to control the level of stimulation.

4. Lubrication: The use of adequate lubricant is essential when using anal beads to facilitate insertion and reduce friction. The use of water- or silicone-based lubricants is recommended as they are compatible with most anal bead materials and are safe for anal use.

5. Care and Cleaning: It is essential to follow the manufacturers instructions for the care and cleaning of anal beads. Most of these toys are easy to clean with warm water and mild soap, and some models are even dishwasher safe. Maintaining proper hygiene is crucial to prevent infections and ensure the safety of the toy.
