### Product description

It's so hard to keep up with all the kink trends of the season. Is leather still in? Does anyone still wear a harness? Don't freak out! Keep yourself in the loop with the Loop masturbator. Its ridged exterior has a sleek downward spiral design that curves around the entire toy, and the inside has a fun little zig zag pattern that ends with some ridges at the top, which will stimulate your cock on all sides. At 17 cm long, this toy will keep you coming back again and again.

Like all our toys, our masturbators are made in Belgium from a safe, phthalate-free material.
