ANAI'S, A LINGERIE FOR ALL SEXUAL TASTES.

Following the launch of ANAI'S lingerie for women in 2016, several years later, in 2021, the ANAI'S FOR MEN brand was invented to serve a different market niche. The owners of the family business decided to launch ANAI'S, turning it into a brand more open to audiences of different ages and sexual tastes.

With the start of this brand, ANAI'S really took off, doubling in popularity every year.

The strength here is also that the brand is created and made in Europe, using the best European textiles, but made differently.

This brand became edgier, sexier, wilder and thus became not only a brand for a generally younger age group, but also a go-to brand for major parties, dressing men and women! women from all over Europe.

But everything is still created and manufactured in Poland, of great quality checking the quality of each product before shipment through a quality department.

As a consequence of the success of ANAIS, the brand continues to grow, creating new collections for men, developing a wide variety. With a spicy and sexy style, ANAIS FOR MEN has been received by the community with open arms and today is a reference brand in fashion mainly for heterosexual men who take care of their image and gay men from all over the world.
