ANAL FANTASY ELITE COLLECTION - BEGINNER FANTASY ANAL KIT BLACK

Price	72.29 Euro
Number	81623149
Producer code	FETISHID-244380
EAN	603912333381

Product description

Eliminate the taboo associated with anal sex and discover incredible pleasure with our Anal Fantasy Collection. If you've never tried anal play, the Beginners Fantasy Kit is just what you need to explore the fascinating world of anal stimulation. The Beginners Fantasy Kit includes five unique pieces, perfect for your first anal experience. Try the beaded probe for gradual anal stimulation, the Classix prostate stimulator to hit the sweet spot, or the suction cup plug for intense pleasure. Try any piece during other sexual stimulation and you'll climax faster than ever!

Operating Instructions: The key to anal play is to go slowly. Attempting anal penetration before you're fully aroused can be unpleasant, so ease back into the experience. Finger play is a great way to relax your anus. The anus and rectum don't have an automatic lubrication system like the vagina does, so use plenty of **Moist™** to reduce friction and increase pleasure.

Care Instructions: Cleaning: After the fun, wash the Deluxe Vibro Balls with an antibacterial toy cleaner and warm water.

PIPEDREAM

For over 45 years, Pipedream Products has redefined the context and perception of intimate care and sexual wellness. Founded in 1973 as a family business in Ohio, the company has since grown into one of the largest manufacturers of sexual wellness products in the world. Pipedream combines innovation and proprietary technology to deliver products that strengthen connection, inspire intimate moments, and heighten pleasure. The Pipedream family of brands spans virtually every pleasure product category, and through its portfolio of partners, Pipedream is able to serve a diverse range of customers worldwide. Pipedream is proud to have received over 100 awards from prestigious industry sources and has received numerous AIGA, ID, and IDEA design awards.
