Product description

Enjoy with a realistic dildo whenever you want.

It is made of high quality TPR material that perfectly imitates human skin.

Its exterior is soft and delicate, it will adapt perfectly to the inside of your vagina.

It has a strong vacuum base, you can stick it on any smooth surface and enjoy it without using your hands.

The total length of the dildo is 19.4 cm, the part that is penetrated is 14 cm long, while the diameter of the dildo is 4.2 cm.

It also has vibration, you can control the strength of the vibration using the potentiometer connected to the dildo by a cable.

Powered by 2 AA batteries.

To facilitate penetration and make stimulation even more pleasurable, use one of the water-based lubricants.

Material Guide

Realistic Vibrator Guide

Choose silicone for easy cleaning and hypoallergenic properties. Dual-density feels most realistic. Warming feature adds realism.

Use water-based lube with silicone toys. Clean after each use.
