Product description

It is a masturbator in the shape of a sensual vagina, of unsurpassed quality, thanks to the new CYBERSKIN material in TPR, a virtual touch texture, which provides the ultimate experience in pleasure and sexual stimulation.

The innovative interior material of this vagina allows it to return to its original shape after each use.

- The Cyberskin material perfectly simulates the feel of human skin and the rigidity that the penis needs to enjoy all the sensations to the fullest.
- Includes a hole to insert the included vibrating bullet, which has multi-speed (you can use it separately with a stimulator)

After using the Cyberskin toy, wash carefully with warm soapy water. Dry with a clean cloth or towel. Do not rub it as this may abrade the surface.

- Measurements: 16 x 6.5 cm

Dare to discover the other side of masturbation.
