Product description

They are 2 Chinese balls, they contain another smaller ball inside that with movement produces vibrations that stimulate the erogenous zones of the vagina and give pleasure, made of TPR material.

They can be used throughout the day, while you carry out your usual activity. As the vagina is stimulated, it is naturally lubricated with its secretions, dilates and is prepared for a more pleasant relationship.

They are also valid for strengthening the pelvic floor, preventing urine loss and sagging of the womb.
