Product description

The Bathmate 3-piece anal training kit has been designed for those who want to explore new sensations in a progressive, comfortable, and safe way. This set is perfect for both beginners and more experienced users who wish to intensify pleasure gradually, adapting to each body’s own rhythm.

Each plug is made from high-quality, body-safe silicone that is soft to the touch and easy to clean, ensuring a hygienic and comfortable experience. Its ergonomic design, combined with a tapered tip, allows for smooth and gradual insertion, reducing discomfort and helping relaxation from the very first use.

The kit includes three different sizes, with diameters of 2.5 cm, 3.2 cm, and 3.8 cm, designed to allow progressive advancement. Starting with the smallest size and gradually increasing helps train and condition the area, making it possible to discover new sensations in a pleasurable and controlled way.

In addition, each piece features a finger ring that not only enhances safety during use but also allows for quick and comfortable removal. The design has been carefully thought out to provide stability, confidence, and a relaxed experience at all times.

This kit is compatible with Bathmate vibrators (vibrating bullet not included), allowing users to add an extra level of stimulation if they wish to take pleasure one step further. Its versatility makes it an ideal accessory for both solo and couple play.

The Bathmate anal training plugs are the perfect trio to add a new dimension to your play, combining quality, comfort, and design in one complete set. An ideal option for exploring, training, and enjoying with total confidence.
