Did you know...

...are pasties reusable?

...pasties adhere to the skin with a thin layer of hypoallergenic silicone like invisible bras, and leave no residue?

...are the pasties preserved as the first day by washing them with a neutral soap, on the adhesive side, and letting them dry afterwards?

...with its 6 centimeters in diameter, do they adapt to any shape and size of breast?

...in the 19th century, Paris was a party, and the lights of the music hall theaters dazzled the French night, filling the avenues with temptation and sensuality?

...the Burlesque Pasties collection recovers the splendor and sophistication of those years to offer you authentic weapons of seduction with a touch of vintage style?

...a sensual dance is one of the most effective ways to seduce and fantasize about your partner?

...when offering a sensual dance to your partner, are the setting and details crucial? That is why you must take care of factors such as lighting and music. Remember that home furniture can become a good ally: chairs, door frames and columns can be magnificent dance partners. When dancing, stand close to him, make insinuations, but at a distance where he can't touch you. Play with your gaze, trying not to lose sight of your partner's attention. Hair and clothing are important resources: start with your hair up to let it down later, and keep order when taking off your clothes. You will leave him breathless!
