Product description

- Feminine and sophisticated.

Frou Frou is a handcuff set that combines the richness of organza and the softness of satin, an exciting mix of textures for a night of fantasy and surprise.

Did you know...

...the sound of sophistication and elegance of period costumes colliding with each other inspired the creation of Frou Frou, organza and satin handcuffs worthy of Marie Antoinette's whim?

... being tied and feeling imprisoned releases adrenaline, making the sexual tension increase because alpha waves are released that contribute to entering an almost hypnotic state that allows lovers to relax and indulge in fantasies in a pleasant way. ?

... Bijoux Indiscrets handcuffs are the most sophisticated way to experiment with bondage?

...bondage is one of the most common sexual fantasies, both among men and women?

...the essence of bondage is to let yourself be dominated and surrender to your partner? Surrender, more than a game, involves total and absolute trust in the other. A valuable gift that must also be reciprocal.
