Product description

Finding a product that is good for the skin, that has an ideal pH and that works as the perfect lubricant for play as a couple, alone and even with toys, is difficult.

We were clear, it had to look like natural lubrication, be long-lasting, non-sticky and good for the skin! Finding the perfect formula was like hitting the mark.

We trust in the experience of our laboratory in Barcelona, consolidated in the cosmetics industry for more than 30 years, and we share with them the idea of our perfect formula. No sooner said than done! Conceived with high-quality ingredients, this formula contains the crown jewel: SyriCalm TM. SyriCalm TM restores balance and increases the natural protection of skin stressed by daily hygiene.

Be sure to add this step to your pleasure routine, your body and libido will thank you!

LIGHT, FLUID AND SLIDING TEXTURE IN HARMONY WITH YOUR PH WITH SYRICALM. Patented All-Natural Multitasking Molecule:

- broad biological action against cellular stress, inflammation and skin quality;
- softens and calms irritated skin;
- helps to fully recover and maintain its skin protective function;
- reduces inflammation for an immediate calming effect and long-term protection.
