Product description

Skin-deep sensations. The body is a map full of sensitive areas, which are stimulated by a light touch. Discovering them and caressing them with the softness of the feather duster is quite an adventure.

Content: duster.

Did you know...

...the skin is the largest organ in the body and is linked to the sense of touch?

...touch is the most basic of the senses, and it only requires closeness and contact to be stimulated?

...the skin is full of sensors ready to activate and turn on the body, and it is as simple as giving a caress?

... the area of the waist and ribs, in the armpits, on the thighs, or on the soles of the feet - areas where caresses are very pleasant?

...by applying the correct caress to erogenous zones such as the neck, navel, sides, back or thighs, is it also possible to reach climax?
