Product description

BODY MASSAGE CANDLE - Taking advantage of your five senses during intimacy is one of the best ways to prepare the mind and body for all kinds of pleasures. Start experimenting with a sensual massage, using a massage candle for your couples games.

Kissable - Wax-free - Moisturizing - Exotic coconut aroma.

Experience pure pleasure with our **Body Massage Candle**, meticulously crafted with premium natural oils: almond, coconut and shea butter. When turned on, it transforms into a sumptuous skin-care oil, perfect for a luxurious massage. With no synthetic waxes or additives, this candle offers a truly healthy, chemical-free experience.

Using a massage candle for a sensual massage offers a unique experience that combines relaxation and intimacy. The warm, relaxing natural oils and aromatic fragrance create an atmosphere of sensuality that enhances the overall experience. Plus, as the candle melts, it transforms into a luxurious massage oil, allowing for a seamless transition from ambiance to touch. This dual function distinguishes massage candles and makes them an unmatched option to enjoy intimate moments.

Why use **ZERO waxes** ?

- **Clean and residue-free:** Without leaving waxy residue. This ensures a dirt-free experience, without clogging pores.
- **Natural ingredients:** They are made with natural oils, butter and other skin-friendly ingredients, so they are gentle on the skin and suitable for different skin types, even the most sensitive ones.
- **Hydration and nutrition:** The natural oils in the wax-free massage candles deeply hydrate and nourish the skin. They leave it soft, smooth and hydrated.
- **Fast Melting:** Waxless massage candles melt at a lower temperature than traditional candles, making them safe and comfortable at the right temperature for use on the skin.
- **Long-lasting:** A little goes a long way with waxless massage candles. A small amount of melted oil can cover a large surface area, ensuring the candle lasts for several uses.
- **Multipurpose:** Once melted, the oil from a waxless massage candle can be used for massages, as a moisturizer, or even as an aromatic addition to the bath. This versatility increases its appeal and value.

* Allergy warning: This product contains almond oil, which may pose a risk to people with nut allergies. Perform a patch test before use.
