Product description

Blackandsilver surprises with the Agron vibrating ring, elegant and sexy. This ring is easy to put on thanks to its elasticity, but it also vibrates like no other ring in this price range.

The Agron ring has a width of 3.6cm inside and 5.6cm outside, which allows the ring to be placed with the penis fully erect

Gron helps you maintain uniform and long-lasting erections, delay ejaculation and enhance orgasm.

It completes the action thanks to its rabbit protruding arm, transmitting vibrations upon contact with the clitoris or perineum.

The vibrator is powered by a battery inside that has a built-in recharge accumulator. The recharging process works through an included USB charger that uses fast charging technology in less than 2 hours.
