Why choose Black&Silver™ material?

All Black&Silver™ toys are made of silky-smooth medical silicone, which is extremely slippery and quickly absorbs your body heat. The toy can be easily cleaned with warm water and a little soap. With a little disinfectant toy cleaner, you can ensure particularly thorough hygiene, ideally with the perfectly coordinated disinfectant spray from Waterfeel or Intimichic. For maximum gentle pleasure, always use your toy with one of the Waterfeel water-based lubricants that perfectly match the product.
