DISCOVER Black&Silver™ Bob™

The sex toy is a vibrating anal plug with which you will not be left indifferent. It is large and small enough to be the ideal size for anal stimulation. With its spherical butt end, Black&Silver™ Bob™ has been designed specifically as an anal plug, although it can also be used vaginally. You can even go further and use it as a massager by applying the vibrations to the different erogenous points of the body. Your whole body is sensitive! Use Black&Silver™ Bob™ in your own way and explore new sensations.

With a USB charger, an autonomy of 3 hours and 10 vibration modes, you are prepared for a super pleasant stimulation session. Take the Black&Silver™ Bob™ anal plug wherever you want and enjoy the vibrating experience that the Black&Silver™ toy offers

Its main characteristic is a very silky and soft touch thanks to its thick silicone system. In addition, its ergonomic shape facilitates dilation, which is especially practical in the case of anal play.

HOW TO USE IT?

The Black&Silver™ Bob™ vibrating anal plug is very intuitive to use. We recommend applying plenty of water-based lubricant to the head of the toy and the area to be stimulated. Slowly, bring Black&Silver™ Bob™ to the chosen area and, making small circles with the toy, stimulate it. Once you have dilated your anus, start by inserting the plug in the way that brings you the most pleasure.

In addition to the standard shape, you can also use it as a massager vibrator. You can bring it closer to your erogenous zones and massage yourself or your partner, using Black&Silver™ Bob™ as a toy for preliminaries.

CLEANING

Thoroughly clean the toy before and after each use with warm water and mild soap.

STORAGE

Store your Black&Silver™ Bob™ toy in a dust-free place and keep it away from toys made of other materials. Avoid leaving it in direct sunlight and NEVER expose it to extreme heat.

USE TIPS

Black&Silver™ Bob™ recommends the use of water-based lubricants such as Waterfeel™, Aqua™, Bioaqua™, Aquatravel™ or Coquette™ for easy and smooth insertion of all silicone products. Do not use silicone lubricants, oils or creams with any silicone product as they may degrade the product material and limit its performance and life.
