Product description

Here comes an especially sugary gift for your best friend! This wonderful male stimulator is disguised as a penis ring and wants to sweeten the hours of your heart. With the Black&Silver Ring you can properly enhance your pleasure lance and give yourself and your loved one tingling stimuli. With its silky-smooth, deep black surface made of medical silicone, the Black&Silver puts you into sensual ecstasy as soon as you put it on. The ring stretches pleasantly and therefore adapts to all sizes, just to accommodate and give pleasure to your penis.

- Maximum enjoyment for him and her. Extended love play gives both partners sensual moments! '

Fantastic vibrating ring to play with as a couple. It has 10 different types of vibration and two rhythmic modes that will increase the pleasure of both. It can last up to 60 minutes in operation.

ERECTION ENHANCER

Burton finds its use in mutual love play and brings happy pleasures to both: It enhances orgasm thanks to its perfect fit on the penis, effectively delays your ejaculation and gives you maximum stamina in addition to a firm and hard erection, and That will not only make you happy! Plus, the large area clitoral stimulator is wide and stimulates your pleasure pearl with the push of a button with the 10 intense vibration modes. Pamper your sex with its deep vibrations and catapult you to climax.

And that's not all: thanks to its waterproof finish, the fun for all you bathing mermaids and mermen in the shower doesn't stop! Or how about a concert of purring stimulation as part of a romantic bath for two...?

GIVE IT POWER!

Blac&Silver ring is equipped with integrated batteries and can therefore be recharged in an environmentally friendly way. The included USB magnetic charging cable can be supplemented with a standard 5V power plug if required.

EVEN MORE FUN WITH WATCHME REMOTE CONTROL

The new Black&silver rings include WATCHME watch technology, with the watch included and ready to use with or without the remote control. But what is this technology?

It is a smart sex watch that will help you control WEARWATCH sex toys. We can synchronize them with sex toys that use watchme technology to control the vibrations and functions of our sex toy.

Functions of a WATCHME watch

In a WATCHME watch there are some outstanding functions that we will detail:

- Activate/Deactivate vibration.
- Modify vibration modes

- Modify the intensities in each vibration mode.

For maximum smooth pleasure, always use the cock ring with one of Waterfeel's original water-based lubricants, which are ideally matched to the product. This will make your experience wet and intense and add an extra variety factor. They are available in many variants including with a heating effect. The vegan water-based composition is gentle on the material and keeps the silk matte surface of your ring nice and smooth.

MATERIAL AND CARE

The ring is made of silky-smooth medical silicone. The product can be easily cleaned with a little soap and warm water. With a little disinfectant toy cleaner, you can ensure particularly thorough hygiene in all aspects, ideally with the perfectly coordinated disinfectant spray from Waterfeel.
