Product description

Surely you've heard of Black&Silver™ toys, Karl has a hard inner core with filling, giving it that famous double density. In addition, it gives a very soft and intimate touch, resembling a real penis.

Black&Silver™, Karl is designed to give you exquisite pleasure, whether anal or vaginal.

The dildo, thanks to its special material with incredible temperature properties, reaches body temperature in less than 40 seconds. On the other hand, if you cool it, Black&Silver™, Karl will have more rigidity and freshness for those who like harder penetration.

A design designed for intense stimulation of the anal P-spot or Vaginal G-spot

Black&Silver™ plugs are ideal toys for both beginners and experts in anal play. Their rigidity, not without flexibility, and the variety of shapes and sizes make them essential for all lovers of anal sex. They are easy to clean and the silicone they are made with is extra soft to the touch. Enjoy your toy as much as we have enjoyed making it for you.

DISCOVER KARL

Endless pleasures with this velvet-touch silicone anal stimulator. Equipped with several protrusions and valleys, it massages private parts effectively.

It has a thin and flexible head to facilitate the insertion and make it smoother.

HOW TO USE IT?

Endless pleasure with this anal stimulator with velvety touch silicone. It has bulbs that will massage your private parts and a soft head for safe and pleasant insertion and extraction.

Why choose Black&Silver™ material?

All Black&Silver™ toys are made from silky-smooth medical silicone, which is extremely slippery and quickly absorbs your body heat. The toy can be easily cleaned with warm water and a little soap. With a little disinfectant toy cleaner, you can ensure particularly thorough hygiene, ideally with the perfectly coordinated disinfectant spray from Waterfeel or Intimichic. For maximum smooth pleasure, always use your toy with one of the Waterfeel water-based lubricants that are perfectly matched to the product.
