Product description

Black&Silver ™ OZZY's main characteristic is a very soft touch thanks to its double layer silicone system. With a black color, its ergonomic shape and above all its double layer system, Black&Silver™ OZZY ensures easy insertion, adapting perfectly to the anatomy.

- The sex toy is a vibrating anal plug with which you will not be left indifferent. It is large and small enough to be the ideal size for anal stimulation. With its ring end that acts as a stop, Black&Silver ™ OZZY has been designed specifically as an anal plug, although it can also be used vaginally. You can even go further and use it as a massager by applying the vibrations to the different erogenous points of the body. Your whole body is sensitive! Use Black&Silver ™ OZZY your way and explore new sensations.
- Rechargeable with a battery life of 3 hours and 10 vibration modes, you are prepared for a super pleasant stimulation session. Take the Black&Silver™ OZZY anal plug wherever you want and enjoy the vibrating experience that the Black&Silver toy offers

HOW TO USE IT?

- The Black&Silver™ OZZY vibrating anal plug is very intuitive to use. We recommend applying plenty of water-based lubricant to the head of the toy and the area to be stimulated. Slowly, bring Black&Silver ™ OZZY closer to the chosen area and, making small circles with the toy, stimulate it. Once you have dilated your anus, start by inserting the plug in the way that brings you the most pleasure.
- In addition to the standard shape, you can also use it as a massager vibrator. You can bring it closer to your erogenous zones and massage yourself or your partner, using Black&Silver™ OZZY as a toy for preliminaries.

MATERIAL AND CARE

- Black&Silver™ OZZY is a waterproof toy made of silky soft medical silicone, which is extremely slippery and absorbs your body heat quickly. The toy can be easily cleaned with a little soap under warm water. With a little disinfectant toy cleaner, you can ensure a particularly thorough hygiene afterwards, ideally with the perfectly coordinated disinfection spray from Waterfeel. For maximum pleasure, always use your toy with one of Waterfeel's water-based lubricants that are perfectly matched to the product. They are available in classic, silky and warm versions. The water-based vegan composition protects the material and keeps the surface of your toy nice and smooth.
