Product description

Creativity without limits! Play anywhere!

With the practical magnet, the Black&Silver™ Silicone Panty vibrator attaches discreetly to the panties and stimulates the clitoris thanks to its ergonomic shape and intense vibrations. The bodysafe silicone for the skin and the remote control from the totally discreet remote control result in a unique toy.

Black&Silver™ Silicone Panty vibrator: Clitoral vibrator for travel

Black&Silver™ Silicone Panty vibrator offers very sexual stimulation when you are out: The panty vibrator is attached to the panties thanks to a comfortable magnet, so it can pamper you with powerful and silent vibrations and liven up your daily life.

Thanks to its ergonomic shape, it adapts perfectly to the contours of your body and rests directly on the clitoris, allowing you to experience particularly intense stimulation. The body-safe silicone structure is particularly soft and ensures delicate play with just a few drops of lubricant.

Since the clitoral vibrator is portable, it can also be easily controlled on the go: The remote control via the completely discreet remote control ensures easy and simple operation. This way you can control the vibrations of the vibrating panties using the remote control, or give control to your partner! Thanks to the new remote control designed for total discretion, you can give free rein to your creativity.

Additionally, as the panty vibrator is IPX7 waterproof, you can also use it in the most humid places, such as under the shower or in the bathtub, and it can also be easily cleaned with warm water and mild soap. If the Black&Silver™ Silicone Panty vibrator runs out of steam, the built-in batteries can be recharged using the included USB charging cable.

- Super intense deep vibration.
- Body-friendly silicone
- 9 frequency vibration modes
- IPX7 waterproof
- whisper mode
- Lithium-ion battery. Cable included.

If we talk about comfort in transport and discretion, Black&Silver™ begins by innovating, since we also consider that it is a very important part of the purchasing experience of an erotic toy. When purchasing a Black&Silver™ toy, you will receive a premium box where you will find the toy, a charger, so that the customer's first experience is as pleasant as possible, and they can carry the toy discreetly wherever they want.

Why choose Black&Silver™ material?

MATERIALS AND CARE

All Black&Silver™ toys are made from silky-smooth medical silicone, which is extremely slippery and quickly absorbs your body heat. The toy can be easily cleaned with warm water and a little soap. With a little disinfectant toy cleaner, you can ensure particularly thorough hygiene, ideally with the perfectly coordinated disinfectant spray from Waterfeel or Intimichic. For maximum smooth pleasure, always use your toy with one of the Waterfeel water-based lubricants that are perfectly matched to the product.

**Note; This product is prohibited from being sold on any E-commerce channel. The sale is authorized for physical points.
