It has a thin and flexible head to facilitate the insertion and make it smoother.

HOW TO USE IT?

Endless pleasure with this anal stimulator with velvety touch silicone. It has bulbs that will massage your private parts and a soft head for safe and pleasant insertion and extraction.

For a superior experience try using your Waterfeel, Aqua, Bioaqua or Coquette brand water-based lubricant. To clean it, simply use warm water and a little PH-balanced mild soap.

Why choose Black&Silver™ material?

All Black&Silver™ toys are made from silky-smooth medical silicone, which is extremely slippery and quickly absorbs your body heat. The toy can be easily cleaned with warm water and a little soap. With a little disinfectant toy cleaner, you can ensure particularly thorough hygiene, ideally with the perfectly coordinated disinfectant spray from Waterfeel or Intimichic. For maximum smooth pleasure, always use your toy with one of the Waterfeel water-based lubricants that are perfectly matched to the product.
