### Product description

Adhesive & Comfortable

Four words: Soft, Light, Comfortable, Adhesive

#### Description

The Adhesive Push-up Pads allow you to easily create a natural, full looking bust. Invisible, easy to apply and remove, the pads offer an extra push-up effect. The adhesive gel on the outer sides will secure the pads' fixed position within your bra cup.

#### Instructions

- Remove the protective film from the Adhesive Push-up Pads.
- Apply the Adhesive Push-up Pads, one at a time, to the inner side of your bra cup.
- Gently press the pads to smooth and secure the adhesive onto the inner side of the bra cup.
- Time to enjoy - we support you!

#### Recommendations

- Hand-wash the adhesive part of the pads with warm water, then air dry.
- Once fully dry, cover with the protective film to prevent dust settling on the adhesive parts, which reduces their reusability.
- Tip: Apply the Adhesive Push-up Pads into the centre of the bra cups for the desired push-up effect OR apply the pads more to the outer sides of the bra cups for an instant cleavage effect.

## Application Guide

### **Specialty Bra Guide**

Clean and dry skin before applying adhesive bras. Peel off slowly after wear. Store on original plastic to maintain stickiness.

For strapless bras, ensure band fits snugly - it should stay up without straps.
