Product description

Bye Bra proposes the new generation of contour extenders that adapt to 2 or 3 hook bras. Extenders are used to lengthen bras that are too tight at waist level, improving the comfort of the bra.

Several lingerie brands offer extenders with different types of hooks, which do not always fit with bra hooks. Bye Bra extenders have flexible limbs.

The extenders are made of a very soft material, providing maximum comfort, while the flexible ends allow them to be used with any type of bra.

In addition to being an innovative product, Bye Bra extenders will reduce negative returns and product returns since they adapt to all types of bras.

- Flexible limbs adaptable to all sizes.
- Four extenders per box.
- They exist for bras with 2 and 3 hooks.
- They lengthen the bra up to 8 centimeters

Includes 3 Units;

- White + black + beige
