Product description

The Gala Bra is the perfect way to lift and shape your breast to achieve the perfect silhouette. The balconet shape distributes the weight of the breast in a natural way. The underwired cups of the Gala Bra outline and form your bustline to give you the ideal shape, while the adhesive push-up pads give you the option to gain a few extra cup sizes. You can combine it with your favourite backless, strapless dress or square neck top to turn heads wherever you go. Classic, convenient and comfortable—the Gala Bra has it all!

The Gala Bra can be worn up to 25 times with proper care and adherence to instructions.

Underwired and strapless, the Gala Bra securely adheres to the skin due to the premium polyolefin adhesive gel technology making it the ideal solution to any strapless or backless outfit. The soft and naturally molded foam cups together with the adhesive silicone gel on the cups’ push up pads provide support, freedom of movement and superior comfort.
