Product description

Jump to incredible and simultaneous orgasms with the discreet but powerful Micro Vibe Arouser - Power Bunny.

This sweet pink bunny has intense pleasure potential behind her seemingly cute exterior. It's an erection enhancer for him and a vibrator for her!

The Micro Vibe Arouser is made from a soft, stretchy TPR material that makes maximizing your erection incredibly comfortable. Since Power Bunny allows blood to flow into his erection, but not outward, you and your partner will enjoy a sense of added girth.

Watch your stamina build as he continues to tease and indulge far beyond his usual threshold. The ring adds additional sensitivity to every movement to increase your pleasure and create explosive orgasms. And, for her, the sexy pink Power Bunny is perfectly positioned to stimulate her clitoris for full stimulation as you thrust.

To power up the Bunny, just insert three watch batteries (six included) into the removable bullet. The three-speed stimulator lets you change intensities at the touch of a button until you find the one that leads to finger-curling orgasms.

You will love the feeling of having all your favorite places stimulated at once. You'll love feeling the vibrations reverberate throughout the ring for synchronized fun! Enjoy the intense, simulation and enhancement of hands-free pleasure with the playful and powerful Micro Vibe Arouser - Power Bunny.
