## Product description

A soft, stretchy, functionally sexy garment from California Exotic's Packer Gear collection, the Black Boxer Brief Harness was designed to secure and stabilize both soft packer pieces and firmer play devices, offering extremely well designed versatility, confident positioning and great looks, too.

Cut in classic full coverage boxer brief style, the Harness sits level with hips, holding comfortably steady with its wide elastic waistband. The front panel proves fantastic attention to detail, featuring a sturdy, reinforced O ring plus internal strap. Stretching subtly to accommodate most probes, the ring also holds tight to an inserted packer, ensuring reliable placement with no shifting.

A soft sewn-in insert was added to hold a small bullet type vibe, if desired, providing some secret stimulation when activated during wear, plus, the double panel design allows for dual penetration type tools.
