Product description

The playful California Dreaming Collection brings luxurious fantasies to life with the orgasmic Sonoma. The powerful massager is ready to relive your favorite summer adventure fantasies with 10 powerful vibration functions and 3 knee-shaking thrusting speeds.
While the flickering stimulator teases, the BEDDED shaft and rounded tip provided deep G-spot stimulation.

The curved tip has a powerful pushing action to make sure you hit the right spot every time. The triple tickler uses a powerful vibration motor to deliver wonderful external stimulation.

The flexible teaser can be used independently of the thrusting function for fully customizable pleasure.
The knee-shattering twists in this playful environment are not for the faint of heart! Triple power motors deliver deep rumbling vibrations and powerful suction.

Plug the provided USB cable into the self-healing charging port to recharge your passion in 2.5 hours. Thrill yourself with up to 90 minutes of vibrant pleasure. For effortless stimulation control, the sleek 3-button control panel lets you independently operate the vibration and thrusting options.
High-tech memory chip remembers how you like it and resumes playback at the last function used.
