Product description

The CalExotics XL Silicone Inflatable Plug is a one-of-a-kind anal probe with inflatable body, easy squeeze bulb and detachable hose.

The wickedly thrilling probe even stays inflated when the hose is detached! To inflate your ecstasy, simply attach the hose and press the easy squeeze bulb. Once you've reached the desired size, the probe will hold its size even when the hose is removed and the quick air release button allows for gentle deflation and removal.

To enjoy the exhilarating world of anal pleasure to the fullest, easy insertion and sensual stimulation is the key to success. The tapered silicone probe has the perfect amount of flex to bend and move naturally with your body. The powerful suction cup base is perfect for creative pleasure play, the probe can be used with or without a harness or mount onto a flat surface for a wickedly good time.

The flexible probe, hose and bulb are made from a seamless silicone with ABS plastic release valves. The silicone plug has an overall size of 6.25" x 1.75" (16 cm x 4.5 cm) before inflation.
