### Product description

**CR 4887** Enhance your femininity and add a bold touch to your look with these over-the-knee stockings that combine elegance with a hint of playful seduction. Designed to make an impression from every angle, this model pairs a sleek, minimalist front with a spectacular decorative back panel that instantly draws the eye.

The front is smooth, classic, and adapts beautifully to the shape of the legs. The soft, elastic fabric hugs the legs for a refined, elongated silhouette. This simplicity creates the perfect contrast with the back, where the real magic happens.

The back features an intricate corset-inspired lace-up design that visually lengthens the legs and adds an irresistible charm. The ornamental pattern mimics delicate lacing, creating the appearance of a boot or corset with laces running down the back. These stockings are made for women who love to play with style and choose accessories that highlight their confidence and attitude.
