MATERIAL AND CARE

The COCKSIL Material (Dual density silicone and dense silicone) which does not damage the skin, is not porous and, therefore, is very hygienic. The soft and flexible texture ensures that the silicone material is pleasant and easy to slide. Quickly absorbs and stores your body heat. For lubricant use, we recommend a Waterfeel water-based lubricant. This is gentle on the material and ensures it maintains its texture for a long time. After use, clean it with waterfeel toy cleaner or neutral ph soap and warm water for a perfect cleaning.

THE COCKMILLER BRAND

Firm feeling, realism and pleasure define the COCKMILLER brand, a product of the highest quality at an affordable price that guarantees a perfect combination of price and pleasure.
