WHY CHOOSE COQUETTE CHIC DESIRE LUBRICANTS **?**

To begin with, some basic notions that you should choose a Coquette Chic Desire water-based lubricant.

- If one of the couple is prone to fungal infections (candidiasis, etc.), silicone lubricants and lubricants containing glycerin should be avoided. Coquette Chic Desire is 100% water-based lubricant.
- If any of you have sensitive skin, allergies or other sensitivities, you should avoid any lubricant that does not have parabens. Coquette Chic Desire is 100% Paraben Free.

And very important: we should never use silicone lubricants with silicone toys, since they will break, and we should never use lubricants with oils with condoms, since we run the risk of the condoms breaking. We recommend the use of Coquette Chic Desire lubricants for a perfect sex toy experience.

Flavor Guide

Flavored Lube Guide

Use flavored lube for oral sex, hand jobs, or playful body painting. They taste pleasant but are not as long-lasting as unflavored lubes.

Our flavored lubes are paraben-free, glycerin-free, and made with natural sweeteners (stevia, erythritol).
