Product description

We present the new COQUETTE CHIC DESIRE SENSE PULSE GEL products, with a vibration effect. It is applied to the skin like any other erotic massage gel or conventional lubricant. But the effects of this pleasure liquid are very different from those of any other product in this same category.

The most complete liquid vibrator is now available. Enjoy waves of sensations with its heating, pulsation and vibration functions that last up to 30 minutes. It is unisex and can be used during penetration, for masturbation, for passionate kisses and for oral sex with an intense strawberry flavor. Instructions: You will only have to use 3 sprays on the clitoris or 1 spray around the penis.

Upon contact with the skin with this stimulating liquid you will feel its vibration waves running through your nakedness and awakening your skin to make it more sensitive to erotic pleasure.
