Product description

Discover a unique experience of pleasure and control with the **Crazy Bull Arvell Silicone Ring Model 12**, specially designed to enhance male intimacy. Made of soft, high-quality silicone, this ring offers a pleasant feel and great adaptability, ensuring comfort during use. Its exclusive ergonomic design allows for a firm fit, as it easily adapts to the body thanks to its ability to tighten or loosen as desired. This feature not only provides comfort but also helps improve sexual performance by delaying ejaculation, thus prolonging moments of pleasure.

In addition, the **Arvell Model 12** is made with body-safe and durable materials, designed for frequent use without losing its quality. The ring has a lifetime waterproof rating, making it water resistant for everyday use (such as showering or splashing), although it is not designed to be fully submerged. This intimate accessory not only provides greater stimulation, but also becomes a perfect ally for those who want to intensify the passion in their encounters and enjoy total control over their pleasure.
