Producer code	**FETISHID-227293**
EAN	**8435565924119**

Product description

The natural shape and composition of the cybersilicock material make this realistic dildo look particularly real. Its straight shape, ending in a precisely defined glans, and the authentic base of the testicles pamper you in a heady and sensual way. Whether you prefer to be pampered vaginally or anally is entirely up to you. Both are easily possible with Saul. The wide suction cup is stable on smooth surfaces, and therefore the dildo is also suitable for wild adventures in the shower and bath, alone or together.

- Total length; 21 cm
- Insertable length; 15.5 cm
- Width; 4.2 cm
- Material; Liquid medical silicone.

MATERIAL AND CARE

The dildo is made of liquid medical silicone. Liquid medical silicone is skin-friendly and quickly stores body heat and makes your experience particularly sensual. However, it is important that you make sure to use a water-based lubricant in conjunction with each silicone toy, otherwise the toy could be damaged or deformed. When cleaning the toy, you will get the best results with an antibacterial toy cleaner.

THE CYBERSILICOK BRAND

As the name suggests, CYBERSILICOCK toys are made of silicone. Natural dildos with a realistic design are very suitable for beginners or advanced people in sexual games. Cybersilicock was originally born as a technological brand of remote control vibrators with incredible functions. However, many customers requested vibration-free dildos with the same material as cybersilicock. Now it is a reality and cybersilicock dildos have arrived to continue surprising.
