### Product description

DELTA CLUB © has given a new twist to the classic dildo to offer you the best and first quality material. The medical grade silicone made in the USA is 100% free of phthalates and latex, safe and hypoallergenic.

What are the benefits of using a silicone dildo?

Medical silicone has a very nice touch and is the ideal material for a lot of fun. It is very hygienic and impresses with its quality, which with the help of a water-based lubricant becomes a unique pleasure. It is best to use AQUA lubricants. You can easily clean your DELTA CLUB © with mild soap and water. For greater hygiene, you should also use the disinfectant spray that perfectly suits your partner; a few sprays are enough to optimally clean your toys.
