Product description

It is a soap (60 mm x 40 mm x 25 thick) in the shape of a yellow vagina with an oceanic scent, in an organza bag. This soap can be used as an intimate gel for your parts or for your hands, or as an air freshener (to carry it on the car mirror) or to put it inside your clothes so that it smells good or as a decoration in the bathroom or to give as a gift.

They are soaps made of vegetable glycerin and crystal glycerin, designer soaps made by hand, in an artisanal way exclusively with vegetable oils (coconut, olive, palm, etc.) saponified cold, through our own artisanal process. All soaps are enriched with the active ingredients that give it its name (rosehip, aloe vera, argan,...) and scented with a high percentage of perfumes, essential oils of the highest quality.

Aware of the importance of using natural products, beneficial for health and skin care, we make our products with the assurance of offering the best soap in the world, made with top quality plant ingredients, gentle, natural and environmentally friendly.

Certificate No. 17050007 of compliance with good manufacturing practices (GMP) of cosmetic products according to UNE-EN ISO 22716 standard
