### Product description

#### SEDUCTIVE HEART GAME

SEDUCTIVE HEART is a game with a board and tests of seduction and passion. You are rolling the dice and advancing squares alternately, doing the tests of the game and performing them as you go. This does NOT make it less interesting at all.

In SEDUCTIVE HEART, due to its characteristics, you can only control the start of the game, to be controlled of mind and body by the spell of its tests. Say I have won or lost, it does not fit in this game. There are only winners. Enjoy it!

It is advised: Before starting, prepare drinks of your liking, ice, fruits, sweets, creams, massage oil or edible paints, all this to spread and be able to eat it. At the beginning, create a pleasant atmosphere by lighting the scented candle and whatever your imagination occurs to you. The different obstacles will sensitize us enough so that you feel the most exciting sensations you can imagine. Fun is served, from here, to eroticism, from eroticism to sensuality, from sensuality to love and from love, without a doubt, to climax.

Golden Rule. There are tests that when referring to them, it is implied or is said directly that they are naked or clothed, in the event that the test is naked, and you are clothed, or otherwise, you are naked and the test is clothed, the test is carried out. as indicated, but then they are back to the beginning.
