Ibiza™ Up&Down Vibrator: double pleasure with pressure waves and G-spot massage

The Ibiza™ Up&Down Vibrator adapts to any body shape and provides unique pleasure. While the elegantly curved handle massages your G-spot with penetrating vibrations and the Up&Down system, pressure waves from the outside ensure intense clitoral stimulation. Thanks to Ibiza Flex silicone technology and an internal chain joint, you can easily adjust the Ibiza™ Up&Down Vibrator so that the clitoral suction with pressure waves perfectly reaches your hottest spot and transmits its vibrations with extra intensity. The handle is also wide enough to ensure you don't lose your grip.

The two powerful motors can also be controlled independently, while 10 different vibration programs and 11 intensities offer countless combination options and varied pleasure.
