MATERIAL AND CARE

Xray's Jelly Material is skin-friendly, non-porous and therefore highly hygienic. The soft and flexible texture ensures that the Jelly material is pleasant and easy to glide on. It quickly absorbs and stores your body heat. For the use of lubricants, we recommend a Waterfeel water-based lubricant. This is gentle on the material and ensures that it maintains its texture for a long time. After using it, clean it with waterfeel toy cleaner or neutral pH soap and lukewarm water for perfect cleaning.
